LIFE SCIENCE TALK

TUESDAY, MAY 7TH 2019
ZURICH

**BE YOURSELF.
MAKE A DIFFERENCE.**

LIFE SCIENCE TALK

Join our interactive talk and learn how we bring Digital and Life Sciences together to lead our customers **into the NEW.**

Our experienced consultants are happy to give you insights into their exciting Life Science projects. The range of topics extends from **digital data integration of tumor boards** to the question of **how digitalization can support the care of diabetic patients.**

During the following drinks and snacks, you will have the opportunity to ask your own questions to our consultants to learn more about their interesting work and how your start at Accenture can look like.

We are looking forward to meeting you!
