

## Zurich-Basel Plant Science Center

### Advocating

#### Research visibility

Newsletters, websites, dossiers, blogs, videos, exhibitions

#### Strategic roadmaps and white papers

Input to national and international strategic documents

#### Participation formats for public and stakeholders

Expert conferences, public round tables, public fora and dialogue formats

#### Capacity building & knowledge exchange

Network building, development of research consortia and organization of international symposia

### Education

#### Coordination of PhD Programs

- Plant Sciences
- Science and Policy

#### Organization of summer schools

- Transdisciplinary, systemic perspectives and sustainable development

#### Course and curricula development

- Plant Sciences
- Science and Policy
- Responsible Research and Innovation
- Open Data
- Innovation Management
- Data Sciences
- Transferable Skills

#### Mentoring & career development

- Training courses
- Industry visits
- Internships in policy organizations
- Coaching in design of meaningful outreach formats
- Femino career program for female scientists in innovation

#### International PhD recruitment

- With two deadlines per year

### Research Management

#### Fundraising

For:

- PhD and postdoc fellowships
- Research collaboration projects
- Bottom up initiatives
- Private-public partnerships
- Participative research projects

Funding sources:

- EU-Research framework programs
- SNSF, SUK, Federal Offices
- Foundations
- Sponsorships

#### Project management

- International evaluation of research proposals
- Legal agreements
- Counseling for ethical compliance and IPR
- Financial administration
- Reporting and quality assurance
- Organization of training and networking events
- Outreach and impact generation

### Outreach

#### Public dialog

- Citizen science

#### Science education

- School class workshops and project weeks
- Holiday camps
- Continuing education for secondary school teachers

#### Scientainment & exhibitions

- Science nights at museums
- Exhibitions
- Participation in science festivals and fairs
